

CAMP KAWANHEE

Camping in Maine

From the days of "Thoreau," Maine has been one of the most favored regions for camping in the country. With its great stretches of unspoiled forests, its thousands of clear, sparkling lakes, its fine fishing and lofty mountains, it has become, indeed, the "Playground of the Nation."

Here, Kawanhee boys revel in the rare beauty of its scenery, its quaint old country roads, its soft carpeted woodsy trails, its blue skies and gorgeous sunsets.

Here is a climate famous for its bracing air, with a "mountainy" tang that is unsurpassed. There are more hours of sunshine during July and August than is found in any other place this side of the Torrid Zone.

Here is wild life in abundance, from the screech of the eagle to the eerie cry of the loon at sunrise. Deer and moose roam its woods, and now and then one catches a glimpse of the busy beaver working on a new dam and home for the coming winter.

This is indeed, God's Great Out-of-Doors, where Beauty! Health! and Color! lie in wait at every turn.

As shadows lengthen and the stars appear, we gather for our camp fires at Council Rock. It is here that the heart of camp life glows as boys and men sit before the blazing fire, enjoy their games and stunts and the thrilling stories by Dean Miller.

WATER SKIING IS GREAT FUN

With the addition of a 15 ft. Larson speed boat, propelled by a 35 H.P. Johnson motor, Kawanhee boys enjoy the keen sport of skiing. Two men man the boat. All skiers wear life vests or belts, and must have swum the lake.

A Message To Parents

THE Directors of Camp Kawanhee believe that when a youngster starts for camp, three people from his home go to that camp, for just as surely as the boy is there in person, his mother and father are with him in spirit. To the parents we want to say that:

At Kawanhee your boy will be comfortably housed with boys his own age in a dry sanitary cabin, and will sleep in his own individual cot.

He will be fed the finest of nourishing food and in quantities to satisfy the ravenous appetites of growing boys. Pasteurized milk, only, is served.

At the slightest sign of sickness he will be under the care of a graduate nurse who will be in attendance throughout the season. Three reputable physicians are within twenty minutes drive of the camp.

He will never be in the water except at the scheduled swim periods, and will never take a canoe, rowboat, or sailboat out by himself, until he has passed the necessary swimming and boating tests. A beach guard is on duty throughout the day.

He will be under the guidance of mature men. There is one man for every five boys enrolled. A senior and junior counselor are assigned to each lodge. Boys are never left alone at night. One man is always on duty.

He will live for eight weeks in a climate famous for its invigorating air and sunshine, and will re-

turn to his home in the fall greatly benefited in health. To many boys it means a keener appetite, and greater resistance to colds for the coming school days.

It is traditional for Kawanhee boys to work toward the achievement of some worthy objective. We do not believe in an aimless summer for healthy, active boys, "Learning to do by doing" is the Kawanhee Way.

He will enjoy the flexible, free-choice program, which is arranged to meet the needs and appreciation of boys with varied interests.

He will be encouraged to find his interests early in the season—something, perhaps, in which he can excel. In that accomplishment, he learns not only the value of courage, self-reliance, and resourcefulness, but also, acquires the cardinal virtue of perseverance to "finish what he starts."

If he is timid and shy, he will learn to do many things which normal boys enjoy. It will give him a chance to express himself in a group, to develop a higher degree of confidence, to "stand on his own" and realize he is standing alone without mother or dad to help him. Such experiences build backbone and dependability as no other youth experience can. With new vision and understanding, he will return to his home in the fall, a lad of courage and bigger powers.

FUN ON A SLIPPERY LOG

An Ideal Location

Safe, Healthy and Thrilling for Growing Boys

CAMP KAWANHEE is located on the east shore of Webb Lake, at Weld, Maine—eighty-five miles north of Portland, and twelve miles from the nearest railroad. It comprises three hundred and sixty acres of timber land, and has a shore line of woods and sandy beaches extending over a mile in length, on either side of the lake.

The exceptional location of the camp, has been pronounced by men qualified to judge camp sites, as one of the finest natural settings for a boys' camp in the country. There is a protected cove and sandy beach for safe swimming—gravel subsoil and good drainage, miles of pines and pointed firs, invigorating air, cool nights, and refreshing sleep. Neither word nor picture can do full justice to its delightful, well-adapted location.

Lake Webb is five miles long and two miles wide, and is completely surrounded by mountains. It is fed by springs and mountain brooks. The water is clear and pure and never too cold for the early morning plunge. It averages between 72 and 78 degrees at the eleven o'clock swim period.

The surrounding country is wild and rugged and appeals to the adventurous spirit of growing boys. Just to run, to swim, to follow trails over lofty peaks, to spy on deer and moose as they come to the lake to drink, to investigate beaver dams, to sit by glowing camp fires at night, or roll up in blankets under the stars and listen to strange noises of the deep woods—What a life! Such thrilling experiences make every fellow worth his "salt"—a bigger, better, more self-reliant man.

IT'S FUN TO SLEEP OUT

There's a special thrill in sleeping in something you have helped to create.

THE FISH CLEANING TABLE

Hundreds of fish, including bass, pickerel, perch, salmon and trout, are cleaned here each year.

EMMA, SERVING HER APPLE PIES—YUM, YUM!

Mrs. Emma Briggs has been the camp's pastry cook for twenty-nine years. Few camps in the country serve the delicious pastries which Kawanhee boys enjoy. All bread, rolls, cakes, pies, and muffins for breakfast, are cooked fresh each day. Boys with birthdays in camp receive a special cake, with candles and all the trimmings for their table.

Health and Food

PHYSICAL IMPROVEMENT—During the past several years, hundreds of parents have sent their boys to this beautiful spot in the Maine woods. **Boys are entirely free from hay fever and asthma.** A long night's sleep of ten to eleven hours, and rest periods preceding and following the noon meal, prevent any possibility of over-doing.

MEDICAL ATTENTION—We are indeed fortunate to have the services of Drs. Garfield C. Defoe, and Maynard Colley, who are within 20 minutes drive of the camp. The camp hospital has all conveniences needed in caring for emergencies. A graduate nurse is in attendance throughout the season. Skillful surgical assistance is available at the Rumford Memorial Hospital, less than an hour's drive from the camp.

SANITATION—Our "Class A" Sanitary Rating, awarded each year by the State Sanitary Inspector, ranks among the highest for camps in Maine. Hot and cold shower baths and flush toilets are included in the equipment. Drinking water is secured from

a hillside spring. Each year it passes the most severe tests by the State authorities.

FOOD—The growing boy is prone to have three serious thoughts in life: When Do We Eat—Where Do We Eat—What Do We Eat? At Kawanhee, the purchase of food and the planning and balancing of meals are under the direct supervision of a dietitian. The food is excellent. No expense is spared to make it appetizing and nourishing. **Pasteurized milk, only, is served.**

SKILLFUL COOKS—In addition to Emma's valuable service as Head Pastry Cook, we were very fortunate in 1961, to have Mrs. Beatrice Golden with us for her second season as Head Chef. She has convinced us all that here, indeed, is an expert in her chosen field. Their genuine love for boys, and the boys' admiration for them, were contributing factors in the finest food served at Kawanhee in many years.

Management

A Unique Family Organization

DIRECTORS—Camp Kawanhee was developed under the joint ownership and direction of two brothers, George R. Frank, of Columbus, Ohio, and Raymond C. Frank, of Englewood, New Jersey. They were born and reared in Maine, and are trained workers with boys of early adolescent age. Mr. Geo. R's experience as Teacher, Director of Industrial Arts, followed by a Principalship of twenty years, was confined most wholly in the Columbus Public Schools. The experience of Mr. Raymond C., included that of Counselor at St. Batholomew's Boys' Club, New York City, and twenty-five years as Director of Young People's Activities, at the First Presbyterian Church, in Englewood. Their undivided attention is now given in the interest of making Kawanhee each year a better place for boys to live.

CAMP MOTHER—Mrs. Raymond Frank is Camp Mother. She has had several years experience in camp work. Parents may feel assured in sending their boys to Kawanhee that they will receive the type of personal attention that means so much, especially to boys in camp for the first year. Careful attention is given the younger boys in camp.

CAMP DIETITIAN—Mrs. George Frank supervises the planning of all menus. She has made a careful study of the proper feeding of growing boys for the past thirty-six years. She is also Resident Manager and dietitian at Kawanhee Inn—located a half-mile from the boys' camp, where many parents and friends vacation each summer. See page 51.

General Equipment

THE camp is splendidly equipped. Most of the buildings are of heavy log construction, roomy, rustic, built for our purpose, and exactly suited to our needs.

Fifteen sleeping lodges are nestled among the trees by the shore of the lake. They are safe and comfortable, and are absolutely free from dampness in rainy weather. Each is equipped with comfortable cots and mattresses and accommodates from seven to nine boys and two counselors.

Convenient to the sleeping lodges are the dining lodge, recreation building, nature building, a large shop where fifty-five boys may be accommodated, a scout and campcraft building, a rifle and archery range, the camp hospital, boat houses, and the finest of boating and athletic equipment.

SLEEPING LODGES—AMONG STATELY PINES

KAWANHEE COVE—SWIMMING AND BOATING AREA—FINE SANDY BEACH

The boating equipment includes twenty-four canoes, equipped with keels for lake use, six 18 ft. round bottom canoes for shooting rapids on river trips, ten row boats, eight sail boats, and two motor boats—one a speed boat, with 35 H.P. motor, for water skiing and aquaplaning.

THE RECREATION HALL

THE RECREATION HALL contains an assembly room, a large stage, the camp store and post office, the directors' office, and a private room for counselors. It is here that boys gather for those more intimate conferences so dear to the heart of every youngster. The day's work and fun must be talked over with the gang. A massive nine-foot fireplace keeps the building warm and cheerful on rainy days and chilly evenings.

A SUMMER at Kawanhee assures each boy a never-to-be-forgotten experience of wholesome fun and sports, new friends and new accomplishments. A typical day begins with reveille at 7:30. Within the next half hour the camp is alive with jokes and laughter. "Me for a dip" is the familiar expression on every side. Although not compulsory, several boys are already splashing in the crystal clear water. Soon the five-minute all-out whistle blows, and everyone sprints back to his lodge for a brisk rub-down. My, but it surely makes a fellow feel great! And such appetites! The smell of sizzling bacon is in the air!

By 8:00 o'clock, following the flag-raising ceremony, the entire group of hungry braves file into breakfast, keen with anticipation. And such a meal! By 8:30 we are ready for the day's program. No two days are just alike.

First of all, each boy does his bit in cleaning up for lodge inspection. Beds are made, floors swept, shoes, toilet articles and clothes must all be in place.

At 9:00 o'clock the instruction activities begin and last for two hours. It may be on the lake learning to row or paddle a canoe—passing tests in J.L.S. or sailing the Sea Gull in a stiff breeze. It

may be down through the Narrows after big fish—or on the baseball field in a close game—learning to water ski and aquaplane—or mastering a difficult stroke in tennis. It may be learning to box and wrestle—or how to handle the bow and arrow, and shoot for a bull's-eye on the rifle range—how to build a fir-bough lean-to—or cook a meal over an open fire. It may be in the shop building boats, bows, airplanes, hunting knives and kayaks—or learning the trees, the birds and the flowers—or grinding and polishing beautiful minerals—or completing merit tests in Scouting.

The 11:00 o'clock swim comes just at the right time. Everyone cools off after a strenuous morning in the open. The air is filled with joyous shouts of happy youngsters. Some are learning to swim, others are mastering new strokes and dives, while a few are stretched out in the sun on the warm, sandy beach, hoping to look like young Indians before camp closes. By 11:30 the all-out whistle sounds. Boys and counselors return to their lodges for a brisk rub-down, after which a period of relaxation is enjoyed.

Dinner at 12:30 is followed by an hour's rest period—just enough time to write a letter home, or take a nap.

FISHING FROM THE CAMP DOCK

Every now and then some boy lands a prize and becomes a hero throughout the camp.

LEARNING TO HIT THE MARK

Under strict supervision of an experienced instructor.

Plus

Boy Life at Its Best

The free-choice afternoon program, to many boys, is the most interesting part of the day. Usually one group leaves for the golf course, a second for tennis, a third works in the shop, the nature laboratory or dark room. Range and archery are filled to capacity. Two Little League teams are warming up for a tight game; and the small dock is lined with boys waiting their turn in skiing.

Eddie has challenged Frank to a sailboat race in the Gull and Hawke—both boys are all pepped up to get underway. Bill and Jack have just pushed off on a lake trip after bass. Joe, Tom and “Slim” are preparing for an overnight trip on the mountains. They expect to make this a real he-man trip—paddling to the head of the lake and hiking the rest of the way. They are training for football.

“Jerry” and “Mike,” equipped with hammers and spikes are on their way to Sunday Beach to complete the log raft which has been under construction for the past few days. “Mac” and “Skip” have reached their secret cabin down by the dam. The ring of their ax is plainly heard through the dense forest. Smoke from their camp fire curls through the tree tops. They are getting hungry, and it won’t be long until cocoa, steak, bacon and

perhaps, a freshly caught bass are all done to a turn. What a life! What a thrill to be on your own in such a glorious setting!

Those who remained in camp have already enjoyed the 4:00 o’clock swim. Before a boy realizes it, the sunshine of another day draws to a close, full of happy experiences never-to-be-forgotten.

Supper follows at 5:30, after which sailing, rowing, canoeing, fishing, hikes to the village, baseball, tennis, football, capture the fort, and other interesting games are enjoyed. By 7:30 we gather in the Recreation Hall for movies, powwows, singing, and stories. Friday nights are reserved for camp shows, when every lodge group “struts its stuff”.

On Saturday nights we gather for the big camp fire of the week at Council Rock. A simple ceremony marks the lighting of the fire. There is singing and the presentation of awards. As the embers glow, and Dean Miller finishes one of his thrilling stories, we rise, and in the stillness of the forest, sing our goodnight song. Such a gathering, day after day, becomes a living force in a boy’s life.

Taps is at 8:30—9:00 and 9:30 for the different age groups.

RECORDING THE SCORE

GOOD FORM AND PERFECT BALANCE

Sailing

SAILING has become a major activity at Kawanhee. Many boys, who return year after year, consider it the most interesting activity in camp. "Sign ups" for sailing are always filled.

The new "rating" system has captured the interest and enthusiasm of the Kawanhee Yachtmen. The new plan institutes seven progressive categories of sailing accomplishment—**Novice—Crew—Bosun—Second Mate—First Mate—Skipper** and **Racing Skipper**, with an appropriate insignia for each. During the past season, boys completing the "Novice" requirements, learned to "headup", "head-off", and "come about", all of which acquainted them with the thrill of sailing yet to come.

The month of July is devoted to group instruction. To pass the required tests, boys must demonstrate their ability to do four things well: (1) To tie the

common sailor knots; (2) To do at least one form of splice; (3) To pass an examination based upon a course in Theory and Practice of Seamanship; (4) To go to a sailboat lying at her moorings, get her under way, sail her around a prescribed course, pick up moorings, tie up, and leave the boat in shipshape condition as to sails, centerboard, etc. A thorough grounding is given in how to meet the unusual situation, such as a sudden squall or a difficult landing.

By August, the majority of boys have passed the Novice tests, and are ready for the thrills and excitement of crew racing. We anticipate the keenest kind of rivalry as to who will be awarded the most skillful skippers at the close of camp season. One and two-men crews compete.

BIG RED BEARS
Little League Champions—1961

Baseball—1961

LITTLE LEAGUE BASEBALL is the great favorite throughout the season. Boys who are interested are chosen on one of the four teams. There's a try-out for positions the first week of camp. Four games a week are scheduled for each team, in addition to many challenge games played in the evening. Boys report that they play more baseball at Kawanhee than in their Little Leagues at home.

During the season of '61, the Big Red Bears won 1st place, the Blue Blades 2nd place, the Black Magics 3rd place, and the Green Hornets 4th place.

A JUNIOR SOFTBALL LEAGUE is scheduled each year for the younger boys, eight and nine years of age, who are not quite ready for the Little League.

SENIOR LEAGUE—Three teams competed in the Senior League involving Baseball, Basketball and Touch Football. Chuckles won 1st place, Satans 2nd place, and Albatrosses 3rd place.

THE WRESTLING TOURNAMENT

Athletics

THERE is good wholesome fun in all the sports at Kawanhee. There is baseball, tennis, wrestling, football, soccer, basketball, track—including high and broad jump, dashes, shotput, and pole vaulting. There is also a tennis backstop practice-court where many mistakes are corrected during the season.

TENNIS—Three counselors give their full time to coaching tennis. Three clay courts are occupied throughout the day. Special classes are organized for beginners. A thrilling singles and doubles tournament is scheduled the last week of camp.

BASKETBALL—A basketball court is provided for those who wish to keep in training during the summer. Several games are scheduled in the Senior and Junior Leagues each year.

WRESTLING—Many boys select wrestling as part of their daily program. They are trained in small groups. The last week of camp, those who are interested are matched, by weight, in the annual tournament, which is one of the high lights in the athletic program. During the season of '61, twenty-two boys reached the finals.

Water Sports

KAWANHEE COVE, with its fine sandy beach and clear sparkling water, is unsurpassed as a safe and ideal setting for every conceivable type of fresh water sports.

Each boy in camp learns to swim. The morning periods beginning at 10:00 o'clock, are used for special instruction in new strokes, diving, Red Cross tests, etc. The 11:00 o'clock and 4:00 o'clock periods are used as a free-for-all swim. If the day has been hot, a twilight swim, around 8:00 o'clock is enjoyed by the entire camp.

ACCREDITED RED CROSS LIFEGUARDS are stationed on the docks, diving tower, beach, and at least two in patrol boats, ready to give instant assistance should need arise. No boy is permitted to enter the water until the guards are in position and the whistle has blown.

ALSO, each boy must pass swimming tests before he is privileged to use the boats. A beach guard is on duty throughout the day. It is his duty to check all boats out on the basis of the boat privileges the boys have won.

THE BIG AQUATIC MEET of the week is held Saturday afternoon. This is the time when every fellow "struts his stuff," as Greys and Maroons compete for honors. There is swimming, diving, rowing, canoeing, war canoe races, aquaplaning, water skiing, water polo, and sailing racing. The competition is keen and exciting.

BOYS WHO LEARNED TO SWIM—'61

EXCELLENT INSTRUCTION GIVEN

At the outset of the camp season every boy who has not learned to swim receives instruction in a roped-off area of shallow water. They are taught in small groups and learn to swim within two or three weeks after camp opens. They must be able to swim 100 feet before they are considered "Swimmers," with rowboat privileges.

SWIM TIME

This is the happiest event of the day. The water is clear as crystal and never too cold for a glorious swim. Coaches of championship quality are on the camp staff. Mike Peppe, the famous Swimming and Diving Coach at Ohio State University, and Olympic Diving Coach in '48 and '52, was Director of Aquatics at Kawanee for four years.

PADDLE WINNERS—1961

A proud moment in a camper's life

Canoeing

THERE is no activity in camp that surpasses the fun of canoeing on Lake Webb. Before using the canoes, each boy must pass swimming and canoe tests, and win his right to a paddle. Emphasis is placed on how to launch, land, steer and draw—how to meet a quartering breeze, how to paddle alone and doubles, and especially the mastery of the “J” stroke.

The camp furnishes paddles for each canoe but not for each individual boy. Those who prefer to have one of their own—with symbols of accomplishment painted on the blade, may purchase it, at cost, in the camp store.

To win his “C”, a boy must swim the Cove, one-eighth mile. If he swims the lake in front of the camp, one-quarter mile, he receives a grey and maroon bar painted at the top of the blade. After passing the advanced canoe test, two bars are added at the bottom. Junior Life Savers, 12 to 16 yrs. of age, receive a J.L.S. between the top and bottom bars. Senior Life Savers, 16 yrs. of age and older, receive the S.L.S. between the bars.

Jr. Cubs—boys 7, 8 and 9 years of age, who receive canoe privileges, must stay within the cove and in sight of the Beach Guard at all times.

Archery

IN EVERY American boy there lurks the urge and spirit of "Robin Hood", to pull a strong bow and send an arrow true to its mark.

Many boys build their own bows in the shop. Imported lemon wood is used. There are the great six-foot bows made by the older boys, powerful enough to bring down a deer or the largest moose that roams the woods of Maine. Then there are the smaller bows and arrows such as any Indian would handle with pride.

The following medals are awarded throughout the season under the rules and regulations of the Camp Archery Association:

Target Practice

SEVERAL high medal marksmen are developed each year on Kawanhee's twelve-point range. Over forty-two thousand rounds of ammunition were shot in '61. Every boy learns the correct and safe way to handle a gun. The camp furnishes guns altho several boys prefer to bring their own to camp. Under the auspices of the National Rifle Association, boys shoot for the following medals, which are awarded at the Saturday night Camp Fires:

1. *Pro-Marksman* 2. *Marksman* 3. *Marksman 1 Class* 4. *Sharpshooter*
5. *Bars 1-2-3-4-5-6-7-8-9* 6. *Expert Rifleman* 7. *Distinguished Rifleman*

Shopwork

OUR SHOP is the busiest place in camp. On rainy days it is filled to capacity. Three experienced teachers of Industrial Arts devote their full time to the work.

It is a pleasure and revelation to observe a room full of boys at work on a busy day. Boats of all descriptions are being made, including racing yachts and motor boats, some to be equipped with gas and electric motors. In another section, model airplanes of all sizes and designs are under construction.

Across the room, beautiful trays, plates, bookends — etched or pierced in pewter, brass and copper—and lemonwood bows—highly finished, birch-bark bird houses, and rustic furniture are under construction. In the leather working section, belts, billfolds, key holders, with many of the pieces hand tooled with initials and special designs are in the process of completion.

THE CAMPCRAFT COOKING AREA
This meal should taste good.

Camcraft

THE CAMPCRAFT program appeals to boys who enjoy vigorous life in a wild and rugged country. Preparation for trips is an important part of the program. Boys must know how to build fires—how to make rainproof shelters and comfortable bough beds for the night—how to follow trails through the woods and over lofty mountains, and to roll blankets into a neat pack—how to load a canoe—how to catch and clean fish, and the best bait to use—how to fell a tree and the use of an axe, hunting knife, and cross-cut saw. There is never a dull moment in the Camcraft program.

Junior Maine Guide Program

THE "Junior Maine Guide" program, for boys 14 yrs. and older, had a very successful season in '61. Following nearly four weeks of careful preparation on the guide requirements, six Kawancheeians left for the testing area on scenic Lake Mooselookmeguntic—about 50 miles from camp. They were joined by ninety candidates from ten other camps. Each group selected and developed its own camp site in virgin wilderness, where they remained during the four-day testing period.

The J.M.G. program is run by the state under the direction of Registered Maine Guides. Candidates must pass the requirements in twenty separate tests, including axemanship—canoeing and canoe repairing—wet-dry fire building—topographical mapping—personal shelters—reading and following the compass, first aid, and cooking. To win this coveted award in three seasons is an accomplishment of which any boy may well be proud. One Kawanhee boy, John Willis, of Princeton, N.J., finished in two seasons. With the accepted candidates from other camps, they received the J.M.G. certificate from Governor John H. Reed, in the State House at Augusta. Several boys are planning to complete the tests in '62.

The Junior Cub Program

For Boys 7-8 and 9 Years of Age

MANY parents who appreciate the value of mature leadership for their younger boys are enrolling them at Kawanhee. Perhaps at no other age does camping offer more glamour and appeal. The little folks are enthusiastic campers. They learn to live and play happily with boys their own age, develop self-confidence, resourcefulness, and a spirit of comradeship.

For the coming season there will be hours to play on the sandy beach and grow strong in the mountain air and sunshine; time to sail small boats and fly toy airplanes; to explore fields and woods under trained leaders and learn many of Nature's wonders.

In the shop, they will enjoy boat building, metal and leather work.

Each boy will learn to fish and swim and row. Some will even swim the one-eighth mile across the cove, and receive the coveted paddle and use of canoes in the cove. Best fun of all will be trips to the nearby mountains, or rowing across the lake to sleep in an Adirondack lean-to, and cooking over an open fire. Baseball, tennis, archery and range will be carefully taught under safe supervision.

Throughout the entire program the importance of adequate rest is emphasized. A quiet hour from 1:00 to 2:00 precedes the afternoon activities. Taps is at 8:30.

Learning From Nature

KAWANHEE is unusually rich in natural beauty, with plant and animal life in abundance. "Learning by doing" is the Kawanhee way and nowhere in camp is this more observed than in the Nature department. Acquaintance with wild life is gained by caring for pets in the camp zoo, pursuing birds on trips afield, and observation of the beaver colony a short distance from the camp.

Overnight trips are made occasions for study of the stars, simplified by the "stellarium" in the Nature Museum which flashes familiar constellations later to be identified under the open sky.

Microscopic observations, study of ferns and fungi, moth and butterfly propagation, nature photography and other fields of original research voluntarily chosen, are open to boys who wish to become "Naturalists," the highest honor the department confers. Such activities aim to quicken appreciation, awaken interests and develop resources which will in many cases continue throughout the boy's life.

THE NEW NATURE BUILDING

FASCINATING WORK IN THE LAPIDARY SHOP

MINERAL MINING TRIPS—The splendid collection of minerals noted below, were mined at Newry, where the boys go to add to their rock collections. Each specimen was identified, carefully labeled and placed in mineral boxes. Every boy has the thrill of finding beautiful green tourmalines and clear quartz crystals. The more fortunate may emerge with pieces of beryl, rose and smokey quartz, green, black, and pink tourmaline, or even amethyst.

THE LAPIDARY SHOP—The strange fascination that rocks and minerals possess for many boys is given added stimulus by the new lapidary equipment which was installed at Kawanhee as a part of the Nature Department's expanding interest in geology and mineralogy. The equipment consists of diamond saws for slicing or cutting, horizontal metal disks for rough grinding, and a series of wood and metal wheels for polishing.

MINERAL COLLECTING

The collecting of minerals is one of the most interesting activities in the Nature Program.

APPROACHING THE RAPIDS
Kennebec River Trip

MAKING CAMP FOR THE NIGHT

ROUNDING A BEND IN THE STREAM

Canoe Trips

THE KENNEBEC RIVER TRIP—For the boys who are interested in an all-river trip, the three-day cruise down the Kennebec is hard to beat. It is especially suitable for younger boys. There is plenty of wild country and good stretches of fast water to tempt the adventurous spirit of any boy.

THE CHAIN-O-PONDS TRIP—A three day trip for Jr. B's, and one of the most interesting trips out of Kawanhee. It is 85 miles from camp, and passes through a country of dense forests and rare scenic beauty. We reach the Ponds in the early afternoon and proceed at once to unload—paddle to our campsite, which is accessible only by water, and make camp for the night.

A highlight of the trip is the Horseshoe Stream, which flows into the Chain from Canada. It is navigable for nearly two miles.

THE RANGELY LAKES TRIP—This trip of three days has been a “wilderness” classic for over half a century. There's ideal fishing, and an elevation throughout the trip of 1,500 feet above sea-level.

We put in at the village of Rangeley, about thirty-five miles from camp. In the river between Upper Richardson Lake and Upper Dam, is the famous “Upper Dam Pool,” renowned the world over for trout and salmon.

THE MOOSE RIVER TRIP—This is a four- or five-day trip through wild country for the entire fifty miles. There's fine fishing—fast water and easy portages.

We put in on Moose River, north of Jackman and paddle downstream to Moosehead Lake, taking out at Rockwood where we are met by the camp truck.

Mountain Trips

Good Training For Football

KAWANHEE is a mountain paradise for the boys who enjoy healthy, vigorous life in the open. Within the radius of eight miles, seven mountain peaks, ranging from 2,500 to 3,200 feet in elevation, cut across the horizon.

Later in the season, one or two special trips are scheduled for boys who want something really spectacular. There's Mt. Bigelow—4,200 feet, Mt. Spec—5,100 feet, mile-high Mt. Katahdin—5,280 feet, and the great Presidentials, of which Mt. Washington is the highest—6,293 feet.

TUMBLEDOWN MOUNTAIN — Across from camp, at the end of the lake, rise the peaks of Tumbledown, the Jacksons, West, and white-topped Blueberry. (Climbed for the first time in '54 by Kawanhee boys, blazing a trail as they went). There's always a thrill on Tumbledown, from a crawl through "Fat Man's Misery" and the "Lemon Squeeze", to curling up in blankets and sleeping on top on a moonlight night.

MT. KATAHDIN

MT. KATAHDIN TRIP—There is no trip in New England that surpasses the one to Mt. Katahdin, Maine's highest mountain, and declared by experienced mountain climbers **the most spectacular and beautiful elevation east of the Rockies**. Thrusting its spruce-clad slopes and rocky summit a mile into the clouds, this giant of the East is the first spot in the United States to greet the morning sun.

The trip takes from three to four days. Enroute to the mountain we stop at Old Town, where we see the famous Old Town Canoe Factory, and the Penobscot Indian Reservation nearby.

THE MT. WASHINGTON TRIP, about sixty miles away in New Hampshire, covers a period of three days.

The first night is spent in the Madison Huts, tucked away 4,900 feet high between Mt. Madison and Mt. John Quincy Adams. The next day we begin the circuit of the Great Gulf, climbing Mt. J. Q. Adams, Mt. Jefferson, and finally Mt. Washington.

The second night is spent in the Tip-Top House on Washington, the highest spot in New England. On all sides stretch breath-taking views. There are higher mountains in the world but none in America has filled so large a place in popular favor as this majestic peak.

THE CLIMB UP WASHINGTON IS ALWAYS THRILLING

ALL PACKED FOR A TRIP TO THE MOUNTAINS

MT. BLUE—A short distance from camp—and easily climbed over a trail one and one-half miles in length. At the top is a forty-foot observation tower where a friendly Forest Ranger always welcomes our campers.

BALD MOUNTAIN—This is a favorite trip for many of the younger boys in camp—especially those who wish to “train” for the more difficult climbs later in the season. Supper is usually cooked on the mountain top.

The most popular climb in camp.

FUN ON THE TOP OF MT. BALD

Seashore Trip

MONHEGAN ISLAND TRIP—The three-day trip to Monhegan, for boys 10 years of age and older, has been so popular it has been necessary to schedule two trips each summer.

Monhegan is sixteen miles out from the mainland, and abounds in history, romance and new adventure. Captain John Smith landed here in 1610.

We plan to visit Cathedral Woods, The Boars Head, the Old Hermit, on the adjacent islet of Manana, the seagoing tug that went aground in '42, and also enjoy deep-sea fishing.

The Balmy Days

We leave Boothbay Harbor on the "Balmy Days." She is 60 feet in length, has two 225 H.P. diesel engines, automatic steerer, radio compass, depth recorder, radar, and radio telephone. Captain Charles W. Wade, a skillful skipper with over thirty years' experience is in charge.

Deep-Sea Fishing

There's fun, thrills, and good fishing at Monhegan. You never know what the catch will be—cod, pollock, haddock, mackerel, or maybe a tuna. During the past season of '61, over 500 pounds of cod and pollock were landed with hook and line. All equipment is furnished by the skipper.

Three weight records were broken. In the upper cut, Mr. Bateman, Dir. of Trips, landed a 35 lb. cod, and Chas. Dawes caught the largest pollock recorded by the Monhegan Fishing Fleet. It weighed 27 lbs. and measured 47 in. in length. In the lower cut, Tommy Taylor, second from the right, caught a cod weighing close to 40 lbs., the largest fish ever landed by a Kawanhee boy.

ALL READY TO PUSH OFF—BOATS MADE IN THE CAMP SHOP

Sundays

THE religious life of Camp Kawanhee is non-sectarian. Sundays are spent quietly. Every fellow adorns himself in his cleanest "whites". At 10:30 we assemble in our outdoor chapel by the shore of the lake. Catholic boys attend Mass at Wilton, twelve miles from camp. In the afternoon, the Sunday letter is written, and plans are made for short trips, sailing, tennis, canoeing, etc.

Throughout the whole Kawanhee program there is an unobtrusive yet very positive religious influence. We seek leaders of broad sympathies, with an inspiring message for all: Men who read "Sermons in Stone" and see good in all God's handiwork. Our camp chaplain understands the spiritual needs of boyhood, and enters into the physical and social life of the camp as one of its strongest leaders.

It won't be long now.

The Outpost Camp Trip on Swift River

THE three and four-day trips to the Outpost Camp on Swift River are of special interest to boys in the Jr. B, Jr. A and Sr. groups. This is the trip that every healthy, normal boy dreams about, long before camp opens.

Here, under the shadow of Tumbledown Mountain, is a real "back to Nature" camp. There are pup tents, a large main tent, a cook's tent for rainy weather, a spring hole where milk and other perishables are kept ice cold, and nearby, a good supply of firewood.

Every boy is thrown on his own in helping to maintain a clean and healthy camp. He assists with the cooking—washing dishes—sawing and splitting wood—fetching water from the brook, etc.

The days are filled with fun, work and new adventure: There's gold-panning, building dams, trout fishing, exploring old lumber camps and beaver dams, and, best of all, delicious meals cooked in the open, and roaring campfires at night.

AN AFTERNOON OF FUN AT COOS CANYON
Enjoyed by boys at the Outpost Camp. Also, a favorite Sunday afternoon trip—about 15 miles from camp.

PANNING GOLD ON SWIFT RIVER

A thrilling and unique experience awaits every boy at Kawanhee! The first gold found in the United States was discovered not 15 miles from the Camp on Swift River. It is a most fascinating experience for a boy to hold a genuine miner's pan in his hands, just like the old "Forty-Niners," wash out a pile of pay dirt and pick out a few precious pieces of gold. We are looking forward with the keenest enthusiasm to renewing our search for gold during the coming season.

LEAVING FOR THE NARROWS

Three nights a week, Pete Schofield, Dir. of Fishing, guides a group of boys in four boats to the Narrows where they fish for perch and pickerel until the sound of taps.

A FINE MESS OF TROUT CAUGHT ON THE TIM POND TRIP IN '61.

Fishing Is Good

WHEN THE weather is right, the fishing in Lake Webb is good. The majority of boys arrive in camp with poles, reels, and lines, ready to challenge the biggest fish in the lake.

MAINE IS FAMOUS for its trout, salmon, white perch, bass, and pickerel fishing. It is not unusual for boys to catch fifteen to twenty white perch in an evening's fishing. They are delicious eating and furnish many a fine breakfast for Kawanhee boys.

TROUTING TRIPS—Several trouting trips are taken to our local mountain brooks each year.

For the coming season of '62, a special trip of three days will be taken to Tim Pond, noted for its good trout fishing. It is about fifty miles from camp. Boats and lodging are furnished. Fly fishing, only, is permitted. See the application blank for Special Trip Expenses.

EQUIPMENT—Each fisherman must provide his own rod, reel, and line. Lures may be purchased in the camp store. A jointed pole, which can be packed in the trunk is suggested. A Fly rod is a "must" for boys electing the Tim Pond trip.

Creative Program and Camp Honors

THE Creative Program at Kawanhee is a free choice program. With the possible exception of Swimming, for non-swimmers, **No Activity is Compulsory.**

The choice of interests and objectives include six major activities — **Athletics, Aquatics, Handicraft, Nature, Sailing and Campcraft**, with many contributing activities. This makes it possible for boys with varied interests to enjoy a well-rounded program for the summer. They may “sign off”, from any scheduled activity, with the approval of the Program Director.

Each major activity is divided into three **Achievement Levels** which many boys endeavor to win. The stimulus to complete the levels is enhanced through the honors which are presented at the Saturday night campfires to the boys who have completed levels during the week. This is one of the prized moments in a camper's life when recognition

is given for a “job well done.” Those winning the first level in three or more major activities, are awarded a beautiful leather plaque upon which the honors won during the summer are appropriately arranged. It should be noted, also, that each level passed, credits a boy with points for his side—Greys or Maroons. (See page 44.)

Eight Boys Fill Achievement Plaques—'61—It is a pleasure to give special recognition to the boys who persevered in completing their plaques during the past season.

The Greys and Maroons

MUCH of the fun and enthusiasm at Kawanhee revolves around the Greys and Maroons—the two competing teams in camp. Every boy enrolled is chosen on one of the teams and endeavors to win as many points as possible for his team.

The interest and excitement increases as both groups gather for the Saturday night camp fires. The names of those who have won special medals and passed achievement levels during the week are read. And then the big moment arrives! The score is announced!

During the hard-fought contest of '61, the Maroons finally emerged with 27,431 points, and the Greys 26,429.

The camp has never seen two teams more evenly matched in good spirit. No small part of this is to be attributed to the summer's two fine captains, Dan Beggs, of the Maroons, and Bill Boothby, of the Greys.

Rates

*All-Inclusive—For Scheduled Camp Activities

Boys 6 to 15 years old\$550.00

Master Campers—15 and 16 years old 495.00

For boys who have had previous camp training.

Junior Counselors—16 and 17 years old—

First year\$385.00

Reduction in Tuition—Two boys from same

family, except Jr. Counselors \$ 35.00

The tuition is payable \$25.00 with the application, and the balance by June 15th. By special arrangement, the balance may be paid in equal payments by June 15th and August 1st.

Incidentals and Spending Money—It is recommended that not less than \$35.00 be deposited with the camp for incidentals. The account provides for an allowance of fifty cents per week for boys under twelve years, seventy-five cents for boys twelve years and older, and such incidentals as candy, stationery, stamps, fishing equipment, camera and flashlight supplies, haircuts, toilet articles, laundry, canoe paddle, the weekly Wigwam, shop supplies, etc. At the end of the season a check covering any remaining cash balance will be mailed to parents.

Tutoring—We are able to handle all grade and high school subjects. The rate is \$2.00 per hour. Please notify the Directors before camp opens if tutoring is desired.

*The all-inclusive rate applies to regular camp activities. The Monhegan Island Trip, Mt. Katahdin, and Mt. Washington Trips, Deep-Sea Fishing, and the Trout Fishing Trips, and Tutoring, are not included in this classification. See application blank for Special Trip Expenses.

Special Information

Camp Program—1962—The complete program as outlined in this booklet, will be followed insofar as it is physically possible. However, emergencies arising beyond our control may necessitate minor changes.

Visiting Days for Parents—Parents are invited to visit camp at any time with the exception of the daily rest period, from 1:00 to 2:00 o'clock. Those vacationing at the Inn attend the Water Sports program, Camp Shows, Camp Fires, and the Sunday Church Services.

The Mail—Telephone and Telegraph Address—Camp Kawanhee, Weld, Maine—Phone 10—Ring 2.

The Distance to Camp is only twenty-four hours, via rail, from Columbus; and fourteen hours from New York City. There are several planes daily from Boston and New York—via Northeast Airlines to Portland and Lewiston, within 50 miles of camp. We arrange to meet all planes.

Letters Home—Each boy must write a letter home on Wednesdays and Sundays. No letter, no supper, is understood by every fellow in camp.

Girls' Camp—Camp Kineowatha, one of Maine's finest camps for girls, located at Wilton, Maine, is only 12 miles from Kawanhee. Parents who wish to visit their children during the summer are finding it very convenient to have them in camps nearby. Booklets describing the camp will be furnished upon request. Many Kineowatha parents vacation at Kawanhee Inn.

Leadership

PARENTS are vitally concerned with the associates their boys have, the fellows they play with, the teachers at school, the men they admire and want to be like.

At camp a boy eats and sleeps with his lodge counselor. He works and plays every day with some activity leader. The game he wants to know and the man who coaches it are knit together in the boy's thought inseparably. If the man is the right kind, the best that is in the boy responds. Clean sportsmanship, grit, the impulse to help the other fellow—all the finest traits of personality come out in a boy when he sees them in a favorite counselor.

That's why Kawanhee is concerned about its choice of counselors. That's why one camp is more successful than another, more helpful, more stimulating in developing the finest in fine boys.

Master Campers

The Master Campers group is organized for boys fifteen and sixteen years of age who wish to continue their camp training. It is the beginning of the Counselor Training Course at Kawanhee. A reduction is made in tuition for boys who have had previous camp training.

The boys participate in all phases of the regular camp program. They assist, for approximately one hour each day, in some activity in which they are interested. Many of our finest Junior and Senior Counselors began their camp training as Master Campers.

The Wigwam

Under the talented leadership of Mr. Campbell Scarlett, Editor, and Mr. Ed Hamblin, Assistant Editor, the official camp paper "The Wigwam" was published last summer for the twenty-fourth consecutive season.

Copies are mailed weekly to parents during the season. Information pertaining to each boy's achievements in the different activities, and other information of special interest to parents are mentioned in The Wigwam.

With his vast experience as camper and counselor at Kawanhee for thirty-seven years, Mr. Scarlett keeps in closer contact with parents than any other man in camp. As so many parents remark each year, "We enjoy and look forward to Junior's letters, but the Wigwam tells us all the news, and just how he's progressing at camp."

Kawanhee Inn for Parents

One-half Mile From Boys' Camp

EXCELLENT ACCOMMODATIONS are provided at **Kawanhee Inn** for parents who wish to visit their boys in camp. Many parents drive their boys to camp and remain to enjoy the cool refreshing air of early July weather. Others arrive by the middle of July, or a week or two early in August, and drive their boys home at the close of camp August 25.

INFORMAL, FRIENDLY AND INVITING — Guests dress in comfortable outing clothes. The entire organization and development appeal to men and women of refined taste and discrimination who desire a vacation of rest, relaxation, and wholesome enjoyment.

DELICIOUS FOOD—One reason for the growing popularity of the inn is its delicious home-cooked food. Choice western meats, only, are served. There are shore-dinners every Friday night, and an elaborate buffet Sunday nights. A dietitian is in charge. Special diets for children or adults are arranged without extra charge.

RECREATION—There's good fishing, delightful bathing on a beach of fine white sand, tennis, rowing, canoeing, sailing, mountain climbing, and Maine's finest golf course only 20 minutes drive from the Inn.

THE INN OPENS June 28 and closes Sept. 12. Rates are very reasonable and include board and lodging—maid and chore-boy service. Boats and outboard motors may be rented by the day, week, or season. Those desiring accommodations should consult the directors of Camp Kawanhee for detailed information and reservations. A beautifully illustrated folder will be mailed upon request.

NINE COTTAGES—AMONG STATELY PINES

There are one and two bedrooms, twin beds, modern baths, living rooms with stone fireplaces, and screened porches.

KAWANHEE INN—VIEW FROM THE SHORE

The Inn is splendidly equipped. There are massive fireplaces, a screened dining porch, comfortable twin beds, private baths, and other conveniences which you would expect to find in your home.

An Educator Tells of a Dad's Impressions of Kawanhee

By DR. REES EDGAR TULLOSS, *Former President of Wittenberg College*

ANY father who has watched the interested face of his son in a Kawanhee campfire circle, or watched the head of a little swimmer making his way across the lake to qualify for water privileges, or looked with fatherly pride upon the awards on a plaque indicating the passing of successive levels of achievement in various fields, knows what it is to appreciate the values of his son's summers at Kawanhee.

To me, far more significant than the rare beauty of its environment, its excellent physical equipment, its exhilarating lake and mountain air, is the recognition of Camp Kawanhee as a place of ideals.

Here is a camp where good times fill the hours, where every reasonable freedom is allowed, not as a privilege, but as a matter of right; but back of every phase of the whole well-rounded program is the conception of youthful activity ordered in such a way as to build character. What I have seen in the summertime growth of my own son and grandsons, what other parents have told me as to what Kawanhee has meant to their sons, justifies the statement that here is an effective influence in the development of worthy and enduring qualities of

personality. That in the end, is what makes a camp worthwhile.

If there were space for it, one would write of counselors chosen not only for their knowledge of some form of camp activity, but for their understanding of boy life and problems, their leadership ability, their personal worth and ideals; of junior counselors themselves in part a product of Kawanhee training; of the Sunday morning talks by Dr. Ross Miller, and his influence throughout the camp; of the moral tone and positive religious spirit of the camp as a whole; of the comments and confidences of sons revealing the learning of lessons of unselfishness, obedience, dependability, perseverance, confidence, courage, manliness.

Five hundred words allowed me to express appreciation, heartfelt gratitude, recognition of high ideals faithfully adhered to, of values of lifelong significance! Totally inadequate! To put it all in one sentence, Kawanhee must be placed along with home and church and school as agencies which have helped to shape rightly the ideals and attitudes of my son.

CAMP KAWANHEE—1962

GENERAL DIRECTIONS

Personal Outfit—No expensive special costume is required. Clothing which a boy would customarily wear at home during the summer proves quite satisfactory. **For general daily wear, each boy should be equipped with the following:**

- 4 White Cotton "T" Shirts—(Very Important)
- 4 Pairs Shorts—Khaki or Gray Drill (Preferred)
- 3 Pairs Bluejeans or Khaki Pants

Mark All Clothes with woven name tapes or with a good grade of indelible ink, including clothing worn to camp. Place adhesive tape in shoes and mark plainly. There will be ample room for all clothes in the lodge.

Ship by Express—All trunks and duffle bags must be expressed to camp and should be shipped by June 22, via Railway Express, prepaid, in the boy's name, to Wilton, Maine, care of Camp Kawanhee.

Directions for Traveling and any changes in the shipping of baggage, etc., will be mailed to parents at least two weeks before camp opens.

Steamer Trunks, or Foot Lockers not over 14 in. high, are preferred. They are kept under cots. List the contents and post on inside of lid.

Two Trunk Keys should be provided—one to be retained by the boy and the other tagged with his name and mailed to the camp or handed to the directors at the station on the day of departure.

APPLICATION

Camp Kawanhee — 1962

Full Season—June 30 to August 25

Application Fee, \$25.00

I wish to enter my son in CAMP KAWANHEE for the season of 1962. Enclosed find the application fee of twenty-five dollars (\$25.00) to be applied on the tuition.

In case of dismissal or departure, on account of voluntary withdrawal, there will be no refund of camp fees for the time reserved. If, however, unforeseen circumstances, such as sickness or accident make it necessary for a camper to withdraw before the expiration of the term for which he is enrolled, the tuition loss will be shared equally by the camp with the parent. There will be no reduction in tuition for slight delays in entrance or departure.
